Blessing children in Mexico and other countries

Our medical classes are conducted at the boys' home in town, Casa Jovenes Del Rey.

Fernanda, Mariana and Lesly (Casa Del Rey) are off to school.

Pedro and Faby (Rancho Jovenes Del Rey) continue their ministry to neighborhood children after school once a week.

Priscy appears to have been much happier with the Pizza than with a visit from the good doctor! Lol. (He is a medical doctor who is retained on staff in compliance with Government requirements.)

Dear Partner:

God bless you! And Happy Thanksgiving to you and your family! Thank you for your faithful prayers and support. You are making it possible for us to continue to bring the life-giving message of Jesus Christ to precious children and their families.

The children you see in the picture (top right) are all grown up and have families of their own. Most of the children who come to us now are in their teens, but they do appreciate a place to grow up and feel safe even though the world around us is very uncertain. Thank God that He is dependable and faithful.

I am delighted to tell you that Fabiola and Pedro's ministry to their community in the Jiménez/Dolores area is expanding. Fabiola's free gratis tutoring of neighborhood children earned her a full-time teaching job in the public school. (She earned her degree several years ago.) Lately, some of the parents of the children who attend Faby's classes in school have asked to be tutored. Fabiola and Pedro have the perfect opportunity to minister the Gospel to these parents and they are taking full advantage of it. Also, the weekly children's outreach program continues without missing a beat.

It is heartwarming to see the enthusiasm and excitement from the members of my management team as they throw their hearts and souls into training to become medical missionaries through this recently launched arm of the ministry. While they have had to double up on their workload (because we still have children to care for and will continue to do so), they see this as an even greater opportunity to fulfill the call of God on their lives and bring the message of salvation in a greater way than they had dreamed possible before. They also look forward to learning how to care for the children more efficiently.

Our little kids and big kids and all in between kids are eagerly looking forward to Christmas! They feel honored to know that you care what happens to them – especially at Christmas! Angelica is holding Priscila (Priscy) soon after she came to Casa Del Rey. (See her in the picture below.) My late husband Bob and I, along with some of the children, gather around. My sweet cousin (also named Betty) visited that day.

Priscy celebrates her 11th Birthday with a Pizza Party! HAPPY BIRTHDAY, Priscy!
