

Bob King Ministries

April 2016

Pedro uses flannel graph figures to tell Bible stories to school children in the Jiménez/Dolores community.

Casa Jovenes Del Rey boys minister to children who live about 30' from the railroad tracks.

Casa Jovenes Del Rey boys, Edgar and Iván regularly clean house and buy groceries for elderly people.

Casa Jovenes Del Rey sports a new face-lift! Isn't it pretty? The (former) three houses are blended into one.

Dear Partner:

Thank you for your prayers and gifts. I am blessed and reassured to know that you care for this Ministry that is reaching children and their families with the Gospel!

The youth and children in Casa Del Rey (girls' home in El Moral) and Casa Jovenes Del Rey (boys' home in Piedras Negras) minister through street services by praying with seekers of hope and salvation while offering food, Bibles and Christian literature to attendees. The Piedras Negras boys have also taken it upon themselves to regularly clean house and buy groceries for several elderly people in their neighborhood who cannot care for themselves.

My staff, in addition to caring for the children 24/7, ministers in public schools, conducts weekly after-school Bible story times, and reaches out to the public through our medical missionary program.

Staff members Pedro and Fabiola (house parents at Rancho Jovenes Del Rey boys' home in the Jimenez/Dolores community) teach nutrition classes to help combat the growing problem of Type II Diabetes in children and adults.

The door for ministry is wide open. Not only is your continued giving important, it is even more vital since greater opportunities represent greater needs. Thank you for being willing to help us meet the challenges before us.

My daily prayer is a paraphrase of Isaiah 65:23: *"I pray I will not labor in vain or bring forth children for sudden terror or calamity, but they shall be descendants of the blessed of the Lord and their offspring with them."*

Thank you and God bless you!

Betty King

Medical missionary class. Pictured l-r back row: Ramon, Bob King, Felipe, Instructor Dr. Romo MD NP, Daniel. Front row l-r, Norma, Fabiola and Pedro. Class member Laura was unable to attend the day the picture was taken.

Fabiola (lower left) takes notes as Norma and Ramon (right) examine specimen.

These healthy-looking radishes were grown in the "community" garden at the boys' ranch.
