February 2016

Blessing children in Mexico and other countries

We welcome fifteen-year-old Carla to Casa Del Rey Family.

Dr. Albert Romo, MD, NP, teaches the medical missionary trainees who are eager to learn.

These Casa Jovenes Del Rey boys hold signs saying: **"We Love You!!"** and **"Thank You for blessing us!!"**

This lady is one of three in the community who is learning nutrition through classes taught by Pedro and Fabiola.

My Dear Partner:

"May God himself, the heavenly Father of our Lord Jesus Christ, release grace over you and impart total well-being into your life." Eph. 1:2b TPT. I thank God for you and for your partnership in this ministry. Together we are winning souls for Jesus and changing lives forever. You are a blessing!

In conjunction with the medical missionary program, staff recently opened weekly nutrition classes to the public at the boys' ranch. Three people have joined and others troubled by diabetes and various health issues are becoming interested.

Additional opportunities to minister to whole families with the Gospel rather than to children alone, are opening. When members of the community call on our staff with questions about proper meal-planning and food preparation, Fabiola (Faby) and Pedro also talk about Jesus who is the Bread and water of Life, and explain the plan of salvation. We are laying the ground work for the establishment of a healthy church in this community!

We thank God that this young couple has found favor with the local elementary school. Faby is a full-time teacher in the school and appreciates the administration's kindness in allowing her and her husband to conduct special after school nutrition classes for the youngsters.

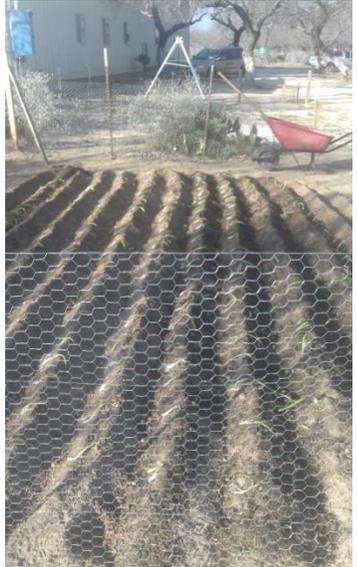

In other news, the boys at the boys' home in Piedras Negras minister through weekly street meetings in various parts of the city. They also care for elderly people who cannot take care of themselves. The boys sweep the floors, clean the houses and buy their groceries. They are happy to do this because they know they are receiving grace themselves!

Without your partnership, it would be impossible to carry on. Thank you with all my heart! ***"Christ's explosive power infuses (us) to conquer every difficulty!"*** Phil. 4:13 TPT. Be greatly blessed!

School children are learning good food choices verses bad choices in their after school diet and nutrition classes taught by Pedro and Faby.

Pedro is proud of his organically grown onion patch. The neighbors help with gardening chores.
